International Archives of Photogrammetry and Remote Sensing
Volume XXXII, Part 6

Table of Contents

Keynote Address

Gottfried Konecny (Germany) --
A Practitioner's View Of Education In Geomatics Over The 40 Years

Lawrence W. Fritz (USA) --
Commercial High Resolution Satellite Data

WG VI/1 : Education

Tania Maria Sausen (Brazil) 1
Elaboration Of Educational Material For The Teaching Of Remote Sensing In Developing Countries

Shunji Murai, *et al.* (Japan) 7
Eduation, Training And Research At Asian Institute Of Technology

Jan J. Nossin (Netherlands) 11
Education In Remote Sensing Application

C.S. Fraser (Australia) 19
Recollection On The Transition To Geomatics

WG VI/2 : Computer Assisted Teaching

Joachim Höhle (Denmark) 22
CAT/CAL In Photogrammetry On The Internet

Kohei Cho, *et al.* (Japan) 27
Remote Sensing Navigator (RSNAVI) : A Software Package For Education

Onno Purbo (Indonesia) --
An Experience In Implementing Information Technology For Distance Learning In Higher Education

Andy Revara / Eka Indarto (Indonesia) 31
An Alternative Transport For Distance Learning Using TELKOMNET - TURBO

Jacub RAIS (Indonesia) 34
Manpower Development In Indonesia Toward Geomatics Qualification And Certification Of Personnel

TIB

TIB Hannover

Tono Saksono (Indonesia) 35
Inkindo's National Human Resources Inventory To Include Surveyors And Geomaticians

Sri Yudawati Cahyarini and Siti Rochimah (Indonesia) 38
The Importance Of Information Technology For Coral Reef Management In Indonesia : An Overview

Dewayany Sutrisno, *et al.* (Indonesia) 41
The On-Line Integrated Thematic Database As A Tool For Sharing Spatial Information

WG VI/3 : International Cooperation and Technology Transfer

Bellone Giacobbe, Mussio (Italy) --
Promotion Of The General Understanding And Improvement Of Public Relations, Foster International Relationships : A Case Study By A Proximity Matrix

Carlo Monti, *et al.* (Italy) 51
GIS : Teaching Experience In The Courses At DIIAR Politecnico Of Milan (Italy)

Achilli, *et al.* (Italy) 52
Virtual Reality (VR) Applied To The Environments Representations : Some Examples At University Of Padua (Italy)

Bernt H. Bakken (Norway) 53
Technology Transfer in Production

Guinieri, *et al.* (Italy) 57
Procedures Of Correction Of The Geometry Distortion For Digital Images

M. Barbarella, *et al.* (Italy) 58
Digital Photogrammetry And Laser Range Camera For Physic Model Geometry Determination

Carlo Monti, *et al.* (Italy) 59
GIS Technology To Support Survey Data And Management Of Different Quarry Typologies

David Collison (Singapore) 66
Automation In Photogrammetry

R.Venantius Hari Ginardi (Indonesia) 70
Spatial And Temporal Data Handling For Remote Sensing Data

Luigi Mussio , Rossella Nocera, Daniela Poli (Italy) 74
Discrete Mathematics For Spatial Data Classification And Understanding

TIB
TIB Hannover

Walter Schuhr and E. Kanngiesen (Germany) 81
Review On Education And Communication In Photomatic

Agung Prabowo (Indonesia) 84
A Low Cost Coordinated Web-Based GIS Implementation On Urban Development Planning

Mahdi Kartasasmita, *et al.* (Indonesia) 94
Experiences On The Execution Of Remote Sensing And GIS Training Course In The National Aeronautics And Space Institute (Lapan)

Sukendra Martha (Indonesia) 96
Toward The Training Imporvement For Indonesian Human Resources In Surveys And Mapping

WG VI/4 : Education Through The Internet

Tuan Chih Chen (Taiwan) 100
Internet And Web Pages Guideline For ISPRS

T. Lukman Aziz (Indonesia) 103
Information Technology (IT) And The Educational Impacts

Irawan Sumartono and T. Lukman Azis 106
The Internet And Its Prospect For Spatial Information Education And Training At Department Of Geodetic Engineering Of The Institute Of Technology Bandung (ITB)

Special Session : Earth Monitoring

Haruhiro Fujita and Christopher D. Elvidge 109
Working Group Of APAN On Real Time Asia Pacific Disaster and Food Security Networking

Koji Okuhara, *et al*. (Japan) 116
The Communication Control In Mutual Connected Network By RC-RBFN

R. Sureswaran & M. Mohanavelu (Malaysia) 120
A Distributed Remote Monitoring System To Support Early Fire Detection

S. Gopinath Rao (Malaysia) 124
A Distributed Remote Monitoring System Using Satellite As The Transmitter
